Launch New Move To Consolidate City and County

Supervisors to Appoint Representatives to Work On Plan

Two prominent citizens to represent Torrance on a special commission to work upon "an immediate and intelligent consolidation" of overlapping city and governmental functions will be named by the board of supervisors on February 1, by a resolution adopted by the board on Wednesday.

The movement, launched by Chairman Frank L. Shaw of the board of supervisors and backed by Supervisor John R. Quinn of the fourth district, today was regarded in political circles as the most important move toward economy in government that has been made for some years.

Every one of the 44 incorporated cities of the county are to be represented on the commission, which will be headed by five governmental economists known nationally and internationally, Shaw stated. In addition there will be two representatives from the city of Los Angeles and two from the county's efficiency bureau, the city attorney of Los Angeles and the county counsel.

Predictions were made freely about the Hall of Records today that the net result will be a new county charter. It was pointed out that the depression and the high cost of overlapping functions such as health, fire, police, recreation, tax collecting and assessing, engineering and public inspections are causing taxpayers to realize that it would be wise to effect consolidations wherever practical.

The present county charter, adopted in 1914, was made for a county with less than one-third the population it now boasts. There were one-half less departments in the government and but one-third the present number of employees when it was drawn up.

The movement, on behalf of the supervisors, it may be explained, is official. It has no connection with the group that styles itself the citizens' committee on city and county consolidation.

COAST GUARDSMEN USE BREECHES BUOY TO SAVE CREW

When the small freighter Tiverton ran aground near Eureka, Cal., the surf was too rough to permit small boats to approach, so a Coast Guard crew passed a line to the Tiverton and 19 members of the crew were brought ashore via the breeches buoy. Photo shows the crew stretching line to the doomed vessel.

One Defendant In Rape Case Is Held To Superior Court

At the conclusion of the preliminary hearing in the cases against Wilbur Luke and Kenneth Rathburn, youthful defendants charged with rape, held Monday morning in the Lomita justice court, the case against Luke was dismissed for lack of evidence. Rathburn was held for trial in the superior court. He was released on his own recognizance under orders to report twice a week to Constable Charles R. Taber until his case is called.

Each case was heard separately, that against Luke being called first. Witnesses for the prosecution in addition to the complaining witnesses were Deputy Sheriff F. P. Dickerson and Dr. Evelyn McNealey, juvenile hall physician, in the case against Luke, and Dr. McNealey and Deputy Sheriff H. C. Brewster in the case against Rathburn. Attorney Will H. Winston of Long Beach represented Luke and appeared in behalf of Rathburn, who had no attorney, by consent of the prosecuting attorney and the court. The prosecution was conducted by Deputy District Attorney H. Leslie Wildey. Judge C. T. Rippey occupied the bench in the absence of the regular incumbent, Judge John Dennis. On request of the attorneys all persons except the parties to the procedure and their relatives and witnesses were excluded from the hearing.
